

REMARKS/ARGUMENTS

The specification has been amended as indicated on page 2. The change returns the specification at this line to the original wording in the application and corrects an informal error.

Claims 1-20 are active.

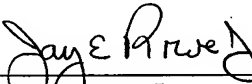

No new matter is believed to have been added in this amendment.

Applicants respectfully request admission of this supplemental amendment to correct the specification to its original wording in this paragraph.

Applicants respectfully submit that the above-identified application is now in condition for examination on the merits, and early notice of such action is earnestly solicited.

Respectfully submitted,
